

COBRACUT® TYPE W

Highest removal rates on latest EDM machines

- Suitable for all EDM machines.
- Highest cutting rate on EDM machines with most advanced high-power generators.
- Particularly suited for component production and machining of high workpieces.

Technical data

Core	CuZn20
Coating	CuZn50
Tensile strength	430 MPa
Elongation	>30%
Color	Yellow-brown

Delivery program

Diameter [mm]	0,25
bedra4-Spool: 4 kg	●
bedra8-Spool: 8 kg	●
bedra16-Spool: 16 kg	●
